## New E911 Address

Enhanced 911 (E911) addresses in Chautauqua County are assigned by the E911 Manager. House numbers are assigned by a standardized system using measurements between properties, road lengths, and even/odd sides of the road. Correct addresses are vital in the event of an emergency, as the Chautauqua County Sheriff's Office dispatch center relies heavily on correct addresses. If you are building a new house or building, or need an address for utility connection, please contact the Chautauqua County E911 manager. ([sheriff.us/e911-address](http://sheriff.us/e911-address))
